The salons of Mösseberg, which would later house the Swedish elite for several decades. They were of course furnished with the latest fashion - Jugend.

These Art Nouveau salons are preserved into our time. The famous guests were frequent visitors and for a number of decades visitors were seen as the duke couple of Västergötland - Prince Carl and Princess Ingeborg, the poet Verner von Heidenstam, the painter Prince Eugen, Märta, Norwegian queen, Albert Engström, Folke Bernadotte, Gustaf Dalén, Thor Modéen and many more...
